

MCSP — Minimum Capability Set Problem (SPEC-032)

Formalizaçao: $G = (V, E) \cdot S = \text{estado atual} \cdot T = \text{alvos} \cdot C = \text{conjunto minimo}$

Exemplo: Grafo de Dependencias com S, T e C

$C = \{\text{"raciocinio.Probabilistico"}\} \cdot \text{cost}=1.0 \cdot \text{cobertura}=100\% \cdot \text{order}=[\text{"dedutivo"}, \text{"probabil."}, \text{"Nash"}]$
